M. Clifford bags ----Everywhere

To all Divas who appreciate bags:

Rumors say that we are in recession but New Yorkers are partying. With the holiday season just around the corner, give yourself a gift for all the hard work you did during the year. And what is better than a nice, leather bag you can keep for a while? For something different, elegant and beautiful, try the ultra-chic M Clifford handbags.

North Carolina based designer Martha Clifford had a passion for fine Italian leathers something that led to the creation of a small group of handbags that were immediately snapped up by friends and family. Sophisticated and unusual, these bags are constructed using the softest, most supple leathers and yet they are also highly functional with inside zippered pockets and compartments.

You have plenty of choice of styles, colors and designs: from my favorite Meghann collection, The Morgan and The Renee amongst others. Visit the store <http://www.mclifforddesigns.com/shop.asp> to see all your options! For stock lists check <http://www.mclifforddesigns.com/stockists.asp>.

Enjoy bagistas, your next bag will be classy and posh!
